

CineSat Spring Release 2018 V4.14.2

2018-03-02

The CineSat spring release 2018 V4.14.2 is now available for download.

As there were no issues reported regarding the release candidate, we could finalize this year's spring release ahead of schedule.

Please contact your [CineSat Support Team](#) if you should have any difficulties regarding the download, installation, or use of the new release.
